

22 July 2018: Week 1

My dearest brother / sister in Christ.

Welcome to week 1 of our prayer journey together. The aim of this weekly letter is simple – to try to keep you informed and involved as we commence and continue our journey in joint prayer and worship. The prayer journey, as we see it, entails us learning together from Gods word, especially as regards the all-important subject of prayer. Most importantly, however, it involves us as a group of Christians countrywide petitioning God in prayer, for items of joint national concern. In this item we will highlight certain aspects of prayer as well as what we would see as important tipping point items requiring special attention in prayer.

For this week:

Please try to acquaint yourself with the look and feel and content of our tipping post website. We hope to post much more content as time goes on. It's especially important to read the introduction to Tipping Point, to gain some insight into what we are about, and our motives for starting the Tipping point movement. Also please note our invitation to you to join us on this prayer journey – we would be honored to have you on board.

In addition we ask you to petition God every day for the upcoming court case on 21 August where the authority of the Word, and freedom of speech and conscience in the pulpit will be under scrutiny. (See section on items for prayer for greater detail)

Blessings,

Moreleta Park Congregation: Prayer Ministry
