

**Prayer letter week 3 – 6 August 2018.**

Dear brother / sister in Christ.

Thank you for your continued prayers for our beloved South Africa. We believe our country has reached a “tipping point” in its history, a point of no return, beyond which we will plunge into anarchy, lawlessness and chaos. Hence the Tipping point prayer initiative.

Fortunately, we need not wonder whether God will be merciful and save our country, He most certainly will. *“And call on Me in the day of trouble, I will deliver you, and you will honor Me.” (Ps. 50:15)*

South African fellow Christian. We have a promise from the throne of heaven. Let’s unite to call on the Lord in this day of distress, until He answers from heaven and saves our country, and we will give Him all the glory!

You will note that an updated list of prayer items is available under the title: Prayer topics. This does not differ too much from the original list – we know which topics are most important for our country. Please continue to pray faithfully day by day for the topics as listed. As before, the court case on 21 August remains a priority. We believe the Lord is going to use this case to establish the authority of His Word, and protect the autonomy of the pulpit, to the honor of His holy name!

We will also be placing some teaching material on 2 Chron- 7:13-15 shortly, under the heading: Teaching. Please look out for this as we believe it will be of blessing and encouragement to you.

Till next time

MPG prayer team.
