

## NEWSLETTER 10 DECEMBER 2018

Dear brother / sister in Christ.

Herewith our newsletter for week 10 December, thank you for your continued prayers for the tipping point prayer points.

Lessons 14 and 15, 2 Chronicles 7:13-15, has been added to the teaching section – we trust this will be a blessing to you. We continue to examine sins committed by South African governments past and present, as well as by South Africa collectively as a nation.

Prayer points, for weekly and daily prayer have been updated. As far as our daily prayer for our nation is concerned, we continue with daily intercession for our president Cyril Ramaphosa, that God would give him heavenly insight to govern our country in wisdom and righteousness.

The holiday time is on us again. In spiritual terms, this means that we have more time to spend with the Lord in prayer, and in His Word. Lets make use of this opportunity – our country needs your prayer more than ever...

### **Brother Andrew, in his book God's smuggler, tells the following story:**

*He was travelling through Romania in the 1960's at the height of communism. Most Romanians with university degrees left the country to find work in the west. He came across a Christian husband and wife, both exceptionally well qualified, but struggling to make a living on a small farm, the government confiscating most of the farm produce according to the dictates of communism. When asked why they had not considered leaving Romania, they answered as follows: "Our university degrees would be readily accepted in the west, at almost any university – **but if we left, then who would remain to pray for Romania?**"*

*What a testimony! Our question to you, dear brother and sister: If you and I don't, then who will pray for South Africa??*

**God is not finished with South Africa!** We believe that He has great things in store for our country, what a privilege to be part of this historic move of Gods Spirit. If we continue in prayer, and do not slack or lose hope, we have an assurance from God that He WILL answer the prayers of is children, and heal our land! (2 Chronicles 7, 14-15)

Blessings,

MPC prayer team.
